What Types Of Cookies Do We Use?

Cookies on our website are generally divided into the following categories:

Such cookies allow us to understand, for example, more about how many visitors we have to our website, how many times they visit us, and how many times a user viewed specific pages within our website. Among other Analytics cookies, we use Google Analytics cookies for these purposes. For more information about Google Analytics, please refer to “How Google Uses Information From Sites or Apps that Use Our Services,” which can be found at www.google.com/policies/privacy/partners/ , or any other URL Google may provide from time to time.

Cookie Type	Description
	to the device identifier of the device you are using to allow us to keep track of all the websites you have visited that are associated with the ad network. This information may be used for the purpose of targeting advertisements on our website and third-party sites based on those interests.

Do Not Track and Commercially Recognized Opt out Signal

Do Not Track (“DNT”) is a privacy preference that visitors can set in their web browsers. When a visitor enables DNT, the browser sends a message to websites requesting that they do not track the visitor. At this time, we do not universally respond to these signals with all platforms that may collect data about your visit.

Your Rights and Choices

Depending on where you are located, you may have additional rights, as detailed below.

- **The right to access:** You may have the right to obtain from us confirmation as to whether or not Personal Information concerning you is being processed, and, where that is the case, to request access to the Personal Information.
